ok, it's a real challenge scheduling our design team dinner but a couple of things are coming together...

for the entire month of November, the only date that the team can agree to and the senior team is avail is nov 14 - but guess what? Bob Mcvicker is here on the 14th.

This could be an opportunity... LET'S INVITE BOB TO HAVE DINNER WITH THE SLT AND THE DESIGN TEAM.!!!!

It could be a great way to introduce Bob to our Operating Principles and our approach to involvement, Continuous Improvement, etc.in a really positive, but informal environment.

What do ya think?? lemme know, ken newman
